Undertaking

DEFICIENCY	ANSWER
One side of the school's building (video ref time 1:00), is used as boundary wall, which is not acceptable. As per norms the school should be bounded with concrete boundary wall from all sides with minimum 6 ft of height.	As per the board's guideline the school has completed the all four sides concrete boundary wall with the 6+ ft height. Video Evidence attached.
In the inspection videography, on one side of the building, some cloths are found hanging on the roof of the school building (video ref time 2:16). Hence, it appears that on one side the school building, is being used for residential purposes as well, which is not appropriate and acceptable.	On the inspection date the manager was staying in the school premises for finishing and cleaning the entire school premise. And this is to certify the school has non-residential facility to any staff.
The school is not running bal-vatika (I, II & III)	The school is not running Bal Vatika for Pre-Primary. I hereby undertake to start Bal Vatika I, II & III as per Board's circular no : Circular No. 12/2023 dated : 24.03.2023 w.e.f the session from which the affiliation is granted
Head of sexual harassment committee is male member instead of a female member	We apologies our mistake for the sexual harassment committee members list. We have new sexual harassment committee for the same. Details are attached in pdf.
There is variation in the land area, as per application and land certificate, school is running on 6550 sq mtrs. However, in the fire safety certificate, land area is mentioned as 13000 sq mtrs.	The school has total land area with 6552.7 sq. mtr. At all., In the fire safety certificate, the total land area was filled by mistake from clerical error that is 13000 sq mtr from the CFO office. We are attaching the fresh fire safety certificate with the 6552.7 sq mtr. Details are attached in pdf.
The library has insufficient number of books / magazine / new papers etc.	The total number of students in the school has $40 \times 8 = 320$. As per the boards guideline the school have maintained the student's book ratio that is 1:5 so school have total number of books is 1650. For the future, school had make the large amount of almirah for keeping the books that is appear in the videography.
In the signage it is written as "Disabled ramp access this way" which is not appropriate. The school should have affixed the signage either as "CwSN or "Differently abled "	Now the school has affixed the signage with the paint "CwSN Ramp".
As per fire safety certificate, school has one floor and as per building safety certificate school has ground and first floor. However, as per the inspection videography, school has a ground and two upper floors.	The school has ground and two upper floor building. We are attaching the fresh Fire Safety Certificate and Building safety certificate for the same.
The mathematics lab has insufficient number of seating arrangement and no storage facility.	The school has now increased the seating arrangement and also make a storage facility for keeping the maths kit.
The computer lab has unsuitable furniture, seating arrangement i.e. benches.	The school has replaced the benches with the wooden stools. Video evidence attached.

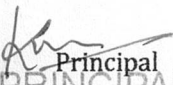

So it is urge to you that kindly do the needful about our fresh application.

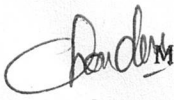

Thank you.
